

### **Outhouse Structure Rules**

- ☐ Outhouse may be built of any material except glass and must be structurally sound. It must have at least three walls, a roof, a doorway and a seat with at least one hole. The outhouse may have a door but it must remain securely open during the race.
- ☐ Outhouse shall measure at least 4'x4'x6' high measured from the bottom of the structure.
- ☐ The seat must be securely attached to the outhouse structure and the rider may hold on to some type of grasping device, which is suggested for safety reasons.
- ☐ Outhouse must have 4 or more wheels, of any size, keeping in mind the outhouse must be turned at some point in the race. Bicycle parts are permitted, but no intact bicycles are allowed. Pedals are not allowed.
- ☐ Outhouse must have at least 1 roll of toilet paper available within the structure.
- ☐ Outhouse should have its name or theme displayed on the outhouse and should resemble the stereotypical Outhouse.
- ☐ Names or themes displayed on the outhouse should be family friendly.
- ☐ Outhouse must be pushed or pulled using any device except ropes.

### **Outhouse Team Rules**

- ☐ Up to five people can be on each team and one person must ride inside the outhouse
- ☐ A helmet is strongly recommended for all participants but the team member riding in the outhouse **MUST** wear a helmet.
- ☐ Team members cannot be under the age of 16

### **Outhouse Race Rules**

- ☐ The race will be a total of 500' with a turnaround at 250'. At the turnaround point, all racers must run around the outhouse 3 times, including the rider. The rider must change positions with another team member, who will become the new rider.
- ☐ Teams must swap one roll of toilet paper from their outhouse for at least one corn cob from the basket at the turnaround point.
- ☐ The course will be divided into 2 lanes.
- ☐ Teams will race in heats, with two teams competing in each heat. The fastest eight teams will advance to a knockout bracket round.
